## PURPOSE

We are a not-for profit community-based early childhood education and care service offering a safe, healthy, sustainable and welcoming environment for children, families and educators. We critically reflect on our practices to ensure continuous improvement.

We support children to be confident learners and communicators through:

- ♦ a quality care environment,
- ♦ play-based learning experiences focusing on Nature Play and Natural resources where possible,
- ♦ nurturing relationships, and
- ♦ an inclusive educational programme based on the Early Years Learning Framework.
